

PRODUCT ANNOUNCEMENT

FLUKE®

Date: 1 November, 2021

New Fluke Laser Distance Meters

Easy and robust in field. Accurate and durable for distance measurement, and area / volume / Pythagoras calculation

Just point and click to instantly measure up to 100 meters (330 feet), new Fluke Laser Distance Meters are fast, accurate, durable, and easy to use. With high IP rate and 1m drop tested, these distance meters are also robust in field.

These 3 models Laser Distance Meters have the Fluke's core value you expected. The simple design and easy-to-use button operation allow you to operate with one hand, minimize the time spent in measuring, also maximize the reliability of measurements.

- Quickly measure distance, calculate area / volume / Pythagoras
- Auto level and height
- Built to withstand rainy or dusty conditions: 1-meter drop tested with rated IP65
- Electronic angle display, auxiliary level measurement
- Up to 100 sets of data storage
- The battery life up to 3500 single measurements
Automatically power off after 3 minutes of inactivity

Additional features:

- Universal tripod interface, easy to use
- Type-C charging port, strong endurance
- 2-inch HD display, clear viewing in full sunlight
- IP65
